

**653—14.10(28E) Authority for 28E agreements.** The IPHC may enter into 28E agreements with other health professional licensing boards to evaluate, assist, and monitor impaired licensees from other health professions who self-report and to report to those professional licensing boards regarding the compliance of individual licensees. In the event of noncompliance, the licensee may be referred to the appropriate licensing board for appropriate disciplinary action. If the IPHC enters into a 28E agreement with another health professional licensing board, this chapter applies and the word “physician” shall be replaced with the word “licensee” for the purpose of interpreting this chapter.
